

## **Fonix iSpeak™ Now Available for the Apple iPhone™**

*Purchase and download Fonix iSpeak through the Apple iTunes App Store*

**SALT LAKE CITY, UT (October 14, 2008)** Fonix Speech, Inc., a wholly owned subsidiary of Fonix® Corporation (OTC BB: FNIX) specializing in embedded speech interfaces for mobile devices, handheld electronic products, video game systems and processors, announces the immediate availability of Fonix iSpeak™ for the Apple iPhone™. Fonix iSpeak™ can be purchased for US\$14.99 through the Apple iTunes App Store™ in the Productivity and/or Utilities category ([www.apple.com](http://www.apple.com)). Fonix iSpeak is available for both the original and 3G models with iPhone OS 2.0 or later. Industry analysts expect more than 10 million iPhones will be sold by year end.

Download Fonix iSpeak from the Apple iTunes App Store™ to the iPhone (or a desk/laptop). Tap the Fonix iSpeak™ icon on the iPhone home screen. Identify your device (iPhone 3G or original iPhone) and you're on your way. Fonix iSpeak doesn't require training to the user's voice as contacts are automatically indexed. Thus, minutes after downloading the application the user is ready to make the first call. Use Fonix iSpeak with or without the iPhone headset. Users may also select and change several Fonix iSpeak settings that can enhance recognition performance in different environments.

"iPhone is a powerful device now simplified for easier user interaction because of Fonix iSpeak. With Fonix iSpeak, the iPhone now becomes a legitimate alternative for mobile professionals who require hands-free computing," says Steve Jones, Fonix senior sales executive.

Mr. Peter Lock, of Studio Support, a key contributor to Fonix as an active participant during the limited release program said, "With recent California legislation to enforce hands-free cell phone usage, my clientele have been clamoring for this exact application. Fonix iSpeak delivers on its promise and will bring freedom and safety to millions of iPhone users."

Fonix will continue to advance its technology and features for the iPhone with upcoming releases that will coincide with the release of additional development tools from Apple. Areas of focus for future development include: Bluetooth compatibility, launch music, videos and web search. Additional language support for Fonix iSpeak will include: French, German, Italian, Spanish, Chinese, Korean and Japanese.
